Dear Parents,

As a fundraiser for the school, we are starting a home delivery organic fruit and vegetable box scheme from The Organic Pantry a local organic farm. Deliveries will take place on Fridays and the farm will deliver directly to your homes with all profits going to the school.

We have been in touch with all the local suppliers and compared the national franchised schemes, and we believe this service to be the best value for money when comparing on a like for like basis. We trialled the scheme last term and had lots of great feedback. The families that took part in the trial praised the quality of the produce, deliveries and value for money. We even managed to raise over £100 so we do hope the community realises this has the potential to be a great fundraiser.

Every Friday we will email a list of the contents of the boxes (please see an example below) along with instructions for ordering, payment and delivery. We ask for all orders and payment to be made by Monday and you will receive the delivery on the Friday of the same week.

There is a charge for each delivery, which we have incorporated within the price of the boxes, so if a few people get their boxes delivered to a single address, the school will benefit further. We are also offering a £2 discount if you order 2 or more boxes (excluding salad bags).
