

SWSF EARLY CHILDHOOD CONFERENCE

MEETING THE CHILD OF THE 21C

With

Clara Aerts

“Echo’s from the future: Building a compass in early childhood for navigating the digital age”.

In her role as IASWECE co-ordinator, Clara Aerts from Belgium speaks for the young child during the *Quality of Childhood* sessions organised by the *Alliance for Childhood* in the European Parliament. She also works with others in Brussels to lobby for a child centred education that puts the well being of the child at the core of policy making. With the digital age changing the whole educational landscape rapidly, the focus at the moment is very much on keeping the free space for schools and parents to choose an age appropriate media education that is human centred and builds on natural and healthy sense experience.
